

Mike Hedges MS

Member of the Senedd for Swansea East

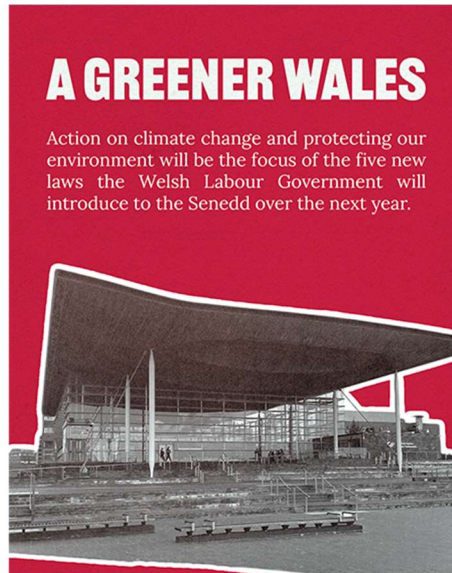

SENEDD REPORT – JULY 22

Welsh Labour  Llafur Cymru

Mike Hedges MS urges people to take advantage of education opportunities -

Education is one of the most important ways of combating poverty which has blighted the lives of people in my constituency for decades. Access to education, both formal Higher Education and vocational courses has never been easier and I would urge everyone to take whatever opportunities come their way. It is never too late to learn new skills and to improve your chances in the jobs market.

Education can change your life for the better – it did for me and it can for you; don't turn down chances to learn'

NEW LAWS TO TRANSFORM WALES INTO A GREENER COUNTRY

I welcomed the Welsh Labour Government's announcement of its proposed new laws that have a clear focus on tackling climate change and protecting our environment.

In the second year of this Senedd term, the

Welsh Government will bring forward five new bills.

They are: A Bill on Single Use Plastics; A Clean Air Bill; An Agriculture Bill; A Bill on Infrastructure Consenting; and a Bill on Coal Tip Safety.

As a Welsh Labour MS, my focus will be on delivering this exciting legislative programme that is founded on our distinctively Welsh values for my constituents. You can read more about the Bills here: bit.ly/3AzK805

Delighted to visit the Inspiring Future Generations project at Faith in Families project in Clase Community Cwtch with Jeremy Miles MS A great project.

BUSINESS SUPPORT FOR YOUNG ENTREPRENEURS

I am determined that there will be no lost generation as a result of the Coronavirus pandemic.

of plans to foster a new culture of entrepreneurship among young people in Wales.

Young Person's Guarantee – one of Welsh Labour's key pledges at the Senedd election in 2021.

The Welsh Labour Government has committed to support 1,200 young people to start their own business as part

£5m of funding will be invested over the next three years to deliver on the self-employment aspect of the ambitious

I'm really pleased that the Government is investing to support our young people to fulfil their potential.

The Welsh Labour Government has put in place extra targeted cost-of-living support for people with pre-payment meters and households not connected to mains gas. Soaring energy bills are having a devastating impact on households, and figures are showing that this group of people are most susceptible to rising costs. I welcome this latest round of targeted support to help with rising costs.
